(verse 1)

In the ancient time of Mu
Memories of knowing you
Was this the beginning of
Consciousness so true

(verse 2)

On the road to Bimini
Covered now by rising sea
Remembering you quenched my thirst
Liquid love so deep and free

(chorus 1)

Ancient love awakened in
Souls excited to begin
Journeying through
Present time and space
Love grows from within

(verse 3)

Guide us to our healing light
Through the straights of wrong and right
Move us swiftly to the place
Of loving with this new insight

(instr break) <----->

In the ancient time of Mu
Memories of knowing you

In the ancient time of Mu

(verse 4)

Paradise is in our reach
Willingly we learn and teach
Blissful perfect state of being
Flowers blooming on the beach

(chorus 2)

In the ancient time of Mu
Memories of loving you
Was this the beginning of
Consciousness so true

(verse 5)

ONE heart beats stronger
Empowering our two
Strengthened through the trials of time
All within reflects from you
Ancient Love from Mu

(ending)

All reflects from you
Ancient Love from Mu
