

Are You There?

Are you there
Do you care
Will you be with me
And share

All your thoughts
All your dreams
The joys
The fears
The screams

I will share
All of me
Take a chance
You will see

All the light
We can make
Through expanding
Give and take

Are you there
Near or far
Here I am
Your shining star

Are you there
Please come here
The path to me
Is clear...
