

Manifest Destiny

Look In
Look Out

No one controls my world but me
There's no one else to blame if I'm not happy

Look Up
Look Down
Look all around

My power's unleashed
With every release
With faith I leap
With every heartbeat
Rising back from the deep

Feel Inside
Feel the Life

Perfect moment
Perfect time
And it all started in my mind

Freedom awaits
Don't be afraid

I know of the choice between thoughts high and low
And my will makes it grow

Now seeing the line
Between me and the lie
Let me rise
I will shine
Breathing into life

Freedom awaits
Open the gate
