

Miracle Moments

Lyrics by Lee Placchi (1-21-07)

Speak the truth quickly
Is what I will do
There's so much inside
That I feel for you

Desires and visions
Direct from my soul
Show me how possibly
Things may unfold...

There are no limits to
Life we design
The fun and the lessons
All so very fine

Learning and growing
As one lovely pond
Supporting aliveness that's
Built by our bond

Lovers and partners
Sharing each day
Embracing realities we create
Our own way

Is faith in this vision
Enough to bring out
This possible outcome
Without any doubt?

Or do my desires live
Just in my mind
A fairy tale story
An unreachable time?

Am I playing God's fool?

If my dream supports, and
Lights up your soul
Then let us create
Transformation and flow

Come with me, soar with me
Into the heavens
Limitless flight into
Wondrous dimensions

I'll love you forever... I already do
Miracles come in each moment with you
