(verse) Here I am
Feelin so blue (Keys = C > F > G > Dmi)
Once again I'm wonderin
I'm wondrin bout you

(verse) Like to know ya better
Have for awhile
Long to be near you
Can't wait ta see you smile

(chorus) I feel you in my mind
At night you haunt my dreams
Can you hear me callin
Show yourself to me

Feel you in my mind
At night you haunt my dreams
Can't you hear me callin
Show yourself to me

(instrumental verse) <----->

(verse) Wish that I could find you
Search has been so long
Each time I thought I'd found ya
I'd turn and you'd be gone

(verse) Can you feel me reaching
I'm reachin out to you
So much love inside of me
So much to share with you

(chorus) I feel you in my mind
At night you haunt my dreams
Can you hear me callin
Show yourself to me

*start with
triple hit*

Feel you in my mind
At night you haunt my dreams
Can't you hear me callin
Show yourself to me

(ending) Here I am, Feelin so blue
Once again I'm wonderin
I'm wondrin bout you
end softly with slowing vocals and "twinkle bells"
